DEMONSTRATION • BUCKNER / BENTON AREA • ZIP 62819 • BRAND: EMERALD TECH GREEN + GOLD

Promo Video Starter Kit

AI-powered short videos for local shops — built around how your business actually sells: weekly, monthly, and seasonal.
You film nothing. You edit nothing. We run the system.

Demo name for this demonstration only — not a filed or legal business name yet.

BRAND LOCKED - EMERALD TECH GREEN + GOLD Concept 1 logo: vivid emerald (#01A938) + gold (#E4AB2C) — pitch sheet, profiles, invoices, video end cards.

What is in this kit?

1 — Three sample scripts
Restaurant / cafe, auto shop, salon / barber — 30–45 seconds each, vertical, ready to film on a phone.

2 — One-page pitch sheet
The leave-behind you hand the owner. Pilot and cycle subscription plans, what they get, and how to reach you. Print 30 copies.

3 — 60-second spoken pitch
Exactly what to say at the counter, plus honest answers to the questions owners always ask.

4 — Agreement + intake forms
Agreement, 10-minute intake sheet, and a Cycle Profile for each client's sales rhythm. No filming without both signed.

The offer, in one sentence: An ongoing promotion system built around your sales cycle — your real shop plus AI production, planned and scheduled for you — so offers reach customers when they are most likely to buy.

Why this can work here

- **Video works:** 91% of businesses use video; 85% of marketers say it brought in leads and 83% say it raised sales (Wyzowl, 2026).
- **Owners are stuck:** 54% of small businesses struggle to keep social content fresh (Verizon, 2025).
- **The pool is big enough:** Franklin County: 696 employer businesses + 2,073 one-person businesses. You need 10–20.
- **AI is the edge:** AI-powered. Human-directed. Big-brand digital marketing speed, sized and priced for hometown businesses — more promotions, more versions, every sales cycle.

Start towns: Benton, Christopher, West Frankfort, Sesser / Rend Lake, Mt. Vernon. Go mid-afternoon, never at rush.

SAMPLE SCRIPT 1 OF 3

Restaurant / Cafe — “Today's Special”

Length: 35 seconds • **Format:** Vertical 9:16 • **Goal:** Get people in today for one dish.

Swap the [brackets] for the real dish, price, and hours. Use the shop's real food only — never stock food photos passed off as theirs.

Time	Shot	Voiceover / On-screen text
0–3s	Close-up: steam / cheese pull / sizzle on the grill. Hook first.	*“This is the plate Benton is talking about.”* ***Text:*** *TODAY ONLY — [Dish Name]*
3–12s	Cook plating the dish, hands only if staff prefer. Slow push-in.	*“Made fresh this morning at [Name] — [2 real ingredients / how it's made].”*
12–22s	Wide shot: dining room, sign, friendly wave from counter (with permission).	*“Right here in [Town], [X] years serving our neighbors.”* ***Text:*** *[Address]*
22–32s	Dish again + price card. Customer bite ONLY if they signed a release.	*“[Dish] is $[Price] today until [time].”* ***Text:*** *$[Price] • Today only*
32–35s	Logo / storefront, phone number big.	*“Come hungry. We'll handle the rest.”* ***Text:*** *Call [Phone] • [Hours]*

Filming notes

- Film before the rush, food fresh off the line.
- Natural light by a window beats overhead lights.
- Music: licensed, upbeat, low under voice.
- Stock: only generic kitchen b-roll, never fake dishes.

Caption to post

[Dish] is on today at [Name] — $[Price], [hours]. [Town], IL. Tag someone who owes you lunch.

#BentonIL #SouthernIllinois #EatLocalIL #[Town]Eats #TodaysSpecial

Paired version — Town + Business, Win-Win: Keep the dish shots above, then give viewers two ways to enjoy it: *“Eat with us tonight — or take it to [Park Name].”* Cut to the park: green space, shade, picnic tables, families settling in. *“Calm, beautiful, and made for family time — right here in [Town].”* Close on both names: **Text:** [Restaurant] + [Park Name] • Good food. Good town. One trip. Full paired-promo system on page 4.

SAMPLE SCRIPT 2 OF 3

Auto Shop — “We Fix It Right”

Length: 40 seconds • **Format:** Vertical 9:16 • **Goal:** Trust. Show real work, real crew.

Time	Shot	Voiceover / On-screen text
0–4s	Hook: hood up, mechanic looks at camera.	*“Strange noise? Don't turn the radio up — bring it in.”*
4–15s	Real job: tire rotation, brake check, or oil change in progress.	*“At [Shop Name] in [Town], we check [service list] and show you what we find — before we charge you.”*
15–26s	Before / after ONLY if it's the shop's real work and owner approves it.	*“Local crew, [X] years, right here on [Street].”* ***Text:*** *Brakes • Tires • Oil • Diagnostics*
26–40s	Shop sign + phone. Offer if they truly run one.	*“[Offer, e.g. Free brake check this week]. Call [Phone] — we'll get you back on the road.”*

Filming notes

- No customer cars' plates — angle away or blur.
- No fake reviews, no invented “5-star” claims.
- Music: licensed, steady / confident, low volume.
- Get the owner's OK on every claim on camera.

Caption to post

Brakes squeaking? [Shop] in [Town] will check them this week. Real work, real neighbors. Call [Phone].

#WestFrankfortIL #AutoRepair #ShopLocalIL #SouthernIllinois

Why auto shops are great pilots: One repair job can pay for months of video, so $299/month is easy math for them — if the video is honest and local.

SAMPLE SCRIPT 3 OF 3

Salon / Barber — “Fresh Cut, Book Today”

Length: 30 seconds • **Format:** Vertical 9:16 • **Goal:** Fill empty chairs this week.

Time	Shot	Voiceover / On-screen text
0–3s	Reveal first: finished cut / style, client smiling (release signed).	*“That fresh-cut feeling? It's 10 minutes from you.”*
3–14s	Quick cuts: clippers, scissors, styling — hands and craft, not faces without consent.	*“[Stylist / Barber] at [Salon] in [Town] — cuts, color, and styles for the whole family.”*
14–24s	Empty chair + booking screen / phone. Real open slots only.	*“We have openings [days]. Walk-ins welcome / Book ahead — [true policy].”*
24–30s	Shop front + logo + phone big.	*“Book today: [Phone]. [Salon] — look good, feel good.”*

Filming notes

- Never film a client mid-service without written consent.
- Transformations must be the shop's real clients.
- Music: licensed, clean, upbeat.
- Bright light, clean mirror, tidy station first.

Caption to post

Openings this week at [Salon], [Town]. Cuts, color & styles — call [Phone] to grab your spot.

#SouthernIllinois #SalonIL #BarberIL #BookToday #ShopLocal

Use all three scripts the same way: show the matching sample on your phone when you walk in; film 45–60 minutes on site, same template every time; add captions to every video, deliver in 3–4 days, get approval before posting.

Town + Business — Win-Win: Paired Promos & Town Boost

One video can sell two things at once: the business *and* the town around it. The business gets customers; the town gets visitors who stay longer.

How a paired promo works

- **First half sells the business:** the real offer, filmed as in the scripts above.
- **Second half sells the place:** pair it with a nearby park, lake, museum, or attraction — show its beauty, calm, and family setting.
- **Pizza + park:** “Eat at our place — or take your meal to [Park Name]” … picnic tables, shade, room for the kids … “Good food. Good town. One trip.”

Town Boost — promote the town itself

- Standalone videos for the town, bureau, or Chamber: parks, Rend Lake, the Benton Historic Jail Museum, events, main street.
- Cross-link promos and Town Boost videos on one **Local Guide** hub / QR code — “while you are in town” links send visitors both ways.
- **Grant path, honestly:** IL DCEO tourism grants require a bureau, local government, or nonprofit applicant — the town, bureau, or Chamber applies and hires Reel Boost Media as producer. Visitor traffic to members is the Chamber’s mission. No grant is guaranteed; get filming permission first.

REEL BOOST MEDIA

AI-POWERED • DIGITAL-FIRST • BUILT FOR YOUR SALES CYCLE

Promotions That Match How You Sell.

AI-powered. Human-directed. Built for local sales cycles. Your real shop, products, and offers + AI production = more promotions, in more versions, without filming everything yourself.

PILOT — START HERE

$149

One time • 1 finished promo video, no contract
Join a cycle plan within 14 days and the $149 applies toward your first month.

MONTHLY PRESENCE

$199/month

1 main promo monthly + 1 matching digital flyer
1 planning contact monthly. For contractors, real estate & services.

WEEKLY CYCLE

$299/month

1 promo every week (4/month), 1 batched filming visit monthly
Captions, posting copy, schedule & approval tracking included.

SALES CYCLE

$499/month

2 touches weekly (8/month), video + flyers, 2 planning contacts
Seasonal campaigns planned ahead. Priority turnaround.

Prefer a single video? **One-off promo $249–$299** — cycle plans are the better value.

Town + Business — Win-Win: Ask about a paired promo — your business *and* a local park or attraction in one video — plus **Town Boost** videos that promote the town itself and bring visitors to businesses like yours.

Two presenter lanes

Calm, trusted presenter: explains your service.
Bold, high-energy presenter: sells weekly specials, flyer events & seasonal sales.

Three ways we make it

Real Capture: your shop, crew, products. **AI Studio:** presenters, scenes, graphics, voices. **Hybrid AI:** your real assets, many versions.

What you get

- ☐ Planned around your Cycle Profile — weekly, monthly, flyer-style, or seasonal
- ☐ We run the backend: filming, editing, approvals, delivery, posting schedule
- ☐ Seasonal campaigns planned 45–60 days early
- ☐ You approve every price, offer, and final video first
- ☐ Monthly status summary: what ran, what is next

Reel Boost Media **Phone:** _____ **Facebook / Email:** _____

Reel Boost Media is the demo name used in this kit. Add your phone and pages before printing.

Paying is simple: Secure online payment link — card or bank debit. Subscriptions bill automatically monthly. Manage or cancel anytime in your billing portal. Provider confirmed at sign-up.

Fine print, in plain words: Yes, we use AI — proudly; it is our production edge. We never fabricate reviews, testimonials, prices, credentials, or results. Your actual face or voice is used only with your written approval first. Our presenters are fictional AI presenters, identified as such. You receive the finished files and a broad commercial licence for your business. We promise the work, on time — not guaranteed sales or views.

What to Say: The 60-Second Pitch

“Hi, I'm [Your Name] with Reel Boost Media, right here near Buckner. We're a digital-first, AI-powered marketing studio — we make short promo videos for local shops' Facebook, Instagram, and TikTok pages.

Here's how it works: first I learn how you sell — weekly specials, monthly offers, or big seasonal sales — and we build your promotions around that cycle. I film your real shop, crew, and products in one short visit; our AI production turns that into finished videos and flyers, captioned and ready to post. You approve everything first; we run the schedule and reminders.

Can I show you a 30-second sample on my phone? [Show it.]

Start with a $149 pilot — one finished video, no contract. If you join a cycle plan within 14 days, that $149 applies to your first month. Most shops pick Weekly Cycle at $299 a month — a fresh promo every week. Slower sellers take Monthly Presence at $199. Busy sellers take Sales Cycle at $499, with seasonal campaigns planned ahead. When's a quiet time I could come film?”

Then stop talking. Let them answer. Book the filming time before you leave.

Your two faces: gentle and calm at the counter — the trust lane that sells the service. Inside client videos, the bold presenter and bright edit carry the energy — the attention lane that sells their products.

Questions Owners Ask — Honest Answers

They say	You say
“I can do that on my phone for free.”	“You can — if you do it every week. Most owners run out of time. I make sure it gets done, every month, around your sales cycle.”
“Will it get me customers?”	“I can't promise sales or views — nobody honestly can. I promise finished, good-looking promotions, on time, built to put your offers in front of customers more often, when they are most likely to buy.”
“Is this AI? Is it fake?”	“Yes — AI is part of our edge, and we use it proudly. We're a digital-first marketing studio. We combine your real business, products, photos, footage, and offers with AI production so we can create more promotions around every weekly, monthly, and seasonal sales cycle — without making you film everything yourself. AI creates the presenters, scenes, graphics, voices, and seasonal variations. What we never fabricate are reviews, testimonials, prices, credentials, or results. If a promotion uses your actual face or voice, you approve that use in writing first.”
“$299 a month is a lot.”	“That's why we start with the $149 pilot — one time, no contract — and it applies to your first month if you join within 14 days. Plans run $199 to $499 by how often you sell, bill automatically by secure payment link, and you can manage or cancel anytime in your billing portal.”
“I only sell big a few times a year.”	“Then we plan around your seasons — campaigns built 45–60 days ahead of Presidents Day, Memorial Day, July 4th, Labor Day, Black Friday, and Christmas, using your real offers, approved by you, never invented by us.”
“I need to think about it.”	“Of course. I'll leave this sheet with my number and a sample you can watch. Can I check back Thursday, after you've had a look?” Then write the follow-up date on your tracker.

Simple Client Agreement

Read this first: This is a plain-language starter template, not legal advice. Have an Illinois small-business attorney review it once before you rely on it for paying clients.

Between: Reel Boost Media (“Creator” — demo name; replace with your filed legal name before use) and [Client business name] (“Client”)

1. What Creator will deliver

Package chosen: ☐ Pilot — $149 one-time, 1 promo video ☐ One-off — $249–$299, 1 promo video ☐ Monthly Presence — $199/month ☐ Weekly Cycle — $299/month ☐ Sales Cycle — $499/month Monthly deliverables follow the plan descriptions on the pitch sheet and the Client's Cycle Profile (page 8): Monthly Presence = 1 promo + 1 flyer monthly; Weekly Cycle = 1 promo weekly (4/month); Sales Cycle = 2 touches weekly (8/month, video + flyers), seasonal campaigns planned 45–60 days ahead. Each video: vertical, about 30–60 seconds, captions included, delivered as a digital file within [___] days of filming.

2. Price and payment

Fee: $_____ ☐ one-time ☐ per month, paid in advance by secure online payment link (card or bank debit; provider confirmed at sign-up). Subscriptions bill automatically each month until cancelled. Client manages payment details and cancellation through the secure billing portal. If Client joins a subscription within 14 days of a paid Pilot, the Pilot fee applies toward the first month. Late / extra work: _____.

3. Revisions and approval

Two (2) revision rounds are included per video. Extra rounds cost $_____ each. **Nothing is posted until Client approves the final video in writing** (text or email counts). Client is responsible for checking that prices, offers, hours, and claims in the video are true.

4. Ownership and licence

Client receives the finished campaign files and a broad commercial licence to use them for Client's own business marketing, online and in-store, for as long as they wish. Creator assigns whatever transferable rights Creator holds in the human-created, edited, and assembled portions, and will not resell Client's finished campaign to another business. No promise is made that purely AI-generated material, by itself, can be copyrighted. Creator keeps raw footage and project files unless agreed in writing.

5. People, music, and materials

AI production is a core, disclosed part of Creator's service. Creator will only use music, stock, and tools under licences that allow business use, and will keep receipts. Client confirms they own, or have permission to use, any logo, photo, footage, or material they hand to Creator, and that identifiable people in it have given permission. No fake reviews, testimonials, prices, credentials, or results will be created. Creator's own recurring presenters are fictional AI presenters, identified as such, and are never presented as real customers. A recognisable real person's face or voice — including an AI digital replica — is used only with that person's specific written consent (see §9), and the finished replica must be approved before publication. No drone filming unless Creator holds an FAA Part 107 certificate.

6. No guaranteed results

Creator promises the work described above, delivered on time. Creator does **not** guarantee views, followers, sales, or revenue.

7. Cancellation

Either side may cancel a subscription through the billing portal or in writing before the next paid month starts; cancellation stops future billing. If Client cancels mid-project, a kill fee of $_____ / work already done at $_____ applies. If Creator cannot finish, Client is refunded for undelivered videos.

8. Filming on site

Client gives permission to film at [address] on agreed dates, and will help obtain staff / customer releases. Creator will stop filming anyone who asks not to be filmed.

9. Digital likeness & backend service

Face-scan or voice-clone work happens only under a signed Digital Likeness Addendum: whose likeness, permitted campaigns and channels, retention period, deletion date, and pre-publication approval. Creator maintains Client's contact record, Cycle Profile, schedule, project status, and asset library; sends approval and information reminders; and provides a monthly status summary. Creator never stores card or bank numbers — Client enters payment details on the provider's secure page.

Your Cycle Profile — how your business sells

Sales rhythm: ☐ Weekly specials ☐ Monthly offers ☐ Flyer-style events ☐ Seasonal **Key sale dates:** _____

Planning contacts / month: _____ **Preferred contact:** ☐ Text ☐ Email ☐ Phone **Billing contact** (if different): _____

☐ I own / have permission for the photos & logos I supply, and people in them have given permission. ☐ Consider my face / voice for AI use — Digital Likeness Addendum required first.

Release & Filming Checklist

- ☐ Owner signed permission to film on the property
- ☐ Every recognisable person signed a release (parent / guardian for anyone under 18)
- ☐ No private conversations recorded without consent — Illinois is a two-party consent state for private audio
- ☐ Customer plates, paperwork, and screens kept out of shot
- ☐ All prices, offers, and claims checked true with the owner
- ☐ Music / stock / AI tools are on commercial licences — receipts saved
- ☐ Captions added and read for accuracy before delivery
- ☐ Client approved the final video in writing before posting
- ☐ If a real person's face or voice is modelled: Digital Likeness Addendum signed; retention and deletion dates recorded
- ☐ Fictional AI presenters identified as AI; no AI person presented as a real customer or reviewer
- ☐ Client-supplied photos / footage: ownership and permission confirmed on the intake form

One-line release (have them sign on the intake sheet): “I give Reel Boost Media permission to film and photograph me at [Business] and to use that footage in videos promoting [Business].” Signature: _____ Date: _____

Your First 30 Pitches

The test: Visit 30 businesses in person. Goal: **3 paying pilots at $149.**

- **Weeks 1–2:** Pick a name, sort paperwork and insurance quote, make your 3 samples.
- **Weeks 3–4:** Pitch in Benton, Christopher, and West Frankfort — closest first.
- **Month 2:** Convert pilots to cycle plans matched to each shop's sales rhythm — Monthly Presence $199, Weekly Cycle $299, Sales Cycle $499 — add Sesser / Rend Lake and Mt. Vernon, ask every happy client for 2 introductions.
- **Seasonal rhythm:** Plan campaigns 45–60 days early (Presidents Day, Memorial Day, July 4th, Labor Day, Black Friday, Christmas). Never invent a sale — the client supplies and approves every price and offer.

Stop rule: If you have fewer than 3 paying clients after 30 real pitches, OR a pilot or one-off video regularly takes more than about 4 hours, stop and fix the offer or the workflow before spending more.

Use the tracker on the next page for every visit. A “no” with a follow-up date is progress, not failure.

Backend routine — run it for every client: Project board: Idea → Waiting for info → Filming → Editing → Approval → Delivered. Keep a rolling 90-day promo calendar per client. Weekly: check approvals and missing information, send reminders. Monthly: check billing dates, send each client a status summary, plan the next cycle.

30-Business Pitch Tracker

Fill one row per visit. Result codes: PILOT $149 / MONTHLY $199 / WEEKLY $299 / SALES $499 / THINK (write follow-up date) / NO. Target mix: restaurants, auto shops, salons/barbers first.

Daily walk-in checklist

- ☐ Phone charged, samples loaded offline
- ☐ 30 pitch sheets printed, QR filled in
- ☐ Agreement + intake copies in folder
- ☐ Route batched by town (save the miles)
- ☐ Update project board + Cycle Profiles
- ☐ Visit mid-afternoon, not at rush hour
- ☐ Show sample, say the 60-second pitch, book a time
- ☐ Write every result on this tracker same day
- ☐ Send follow-ups on the date you promised
- ☐ Send approval / info reminders that are due
